MORNING SESSIONS

Getting God's Word to the World

MBT Sanctuary Brian Hedges & Erion Vogli

—“—
Psalms 68:11 The Lord gave the word: great
was the company of those that published it.
—”—

Of the 8 billion souls on the planet, 1.5 billion people cannot access the bible in their language. 160 million do not have a single passage of scripture translated in their heart language. As we consider our obedience in fulfilling God's mission of taking the gospel to the ends of the earth, it is imperative that we who hold a faith-based view of scripture take advantage of opportunities God provides to get the word of God into the hearts and hands of every kindred, tongue, people and nation. To accomplish God's mission, we must begin with preaching the gospel; however, preaching God's word naturally leads to the importance of the written word.

Join us each morning of Mission Focus as we take time to consider the need to publish the written word of God. These sessions will provide motivation, application, and examples of what formal “words first” approach translating from a biblical faith-based perspective looks like. By God's grace these sessions will stir your mind and heart in practical ways that afford you opportunity to handle on how you can participate in the publishing of God's word.

Thursday: The Need To Publish God's Word and the Motivation to Translate God's Word

Friday: Interactive presentation of translating the Albanian Bible

Saturday: The advantage of “Words First” approach to translation and The Work of Publishing the Word

For those who have taken the Evangelistic Bible Studies breakout in the past, we hope to build on what you learned by discussing: refining your Bible study leadership and facilitation skills, how to train Bible study leaders, how to reach your community through Bible study, what to do when your Bible study gets too big, how to divide and multiply the work, and much more.

Finishing Strong

Annex East Chris Best

2Co 8:12 For if there be first a willing mind, it is accepted according to that a man hath, and not according to that he hath not. Finishing strong is a breakout session designed for those of us in the second half of our lives. Let's not just finish our races, let's finish strong.

Reaching Internationals

Annex West Myles Cheadle

God has a heart for the nations, and his plan from Abraham was to use a peculiar people to bless the world. In this session we will discuss strategies for making a global impact with the gospel! How can you adapt different ministry tools to reach the nations, from our backyard to the international mission field!

Thursday: Reaching International Students

Mike Reaneau & George French

Friday: Reaching Immigrants and Refugees

Todd Franks & Will Mata

Saturday: Reaching the Nations

Andrew Ong & Myles Cheadle

Building Bridges with Muslims

Boiler Room Wagih Boutrus

We will study the background of Islam and Muslims' beliefs about Christianity. Not only that, but we will also study the four topics in Muslim's minds against Christianity:

- 1) corrupted Bible,
- 2) Jesus Christ is not the son,
- 3) Christians are worshipping three gods (Trinity), and
- 4) the rejection of the Crucifixion. Finally, we will cover the keys to opening conversations about the Gospel.
